Letter No. 748/1-24, dated the 2nd March, 1931, from the
Inspector of Schools, Coorg and Bangalore.

①

The Correspondent of the Hindu Balika Patasala, Bangalore, has applied for a grant of Rs 3,283 for extension of the school building to meet the growing strength of the school. The school having no funds for this purpose, the Inspector strongly recommends that a full grant of Rs 3,283 may be sanctioned and says that he has reserved necessary funds in the current year's budget.

Submitted with a draft for orders whether a full grant of Rs 3,283 may be sanctioned under rules 41(i) and 45(i) of the Grant-in-Aid Code for Indian Schools in the C and M Station of Bangalore.

I have spoken to the I of S. . He tells me that this extension will not entail an increasing of staff and so of running expenses (presumably for the present) as the idea is to give the existing number of children better accommodation. He admits that the School could carry on as it is for a time, but is anxious that the extension should be carried out if possible.

Possibly as money is available and a settlement has been reached the grant may be given?

To -
The Secretary to the Hon'ble the Resident
in Mysore, Bangalore.

109/31

I have the honour to enclose herewith an application from the Correspondent, Hindu Balika Patasala, Dharmaraja street, for a full grant of Rs. 3,283/-. towards the extension of the school buildings. A plan and estimate, as approved by the Executive Engineer, Civil and Military Station, Bangalore are also enclosed.

2. The school is one of the most important girls' schools in the station and has been gaining in strength, as will be seen from page 4 of the application. The girls of this school have been ^{doing} very creditably in the annual interschool admission tests. The accommodation being found increasingly inadequate and the authorities wanted to provide additional accommodation by constructing an upper storey to the building; but so far public support has not been forthcoming and the school funds are only just sufficient for the working expenses. In these circumstances I promised the management that I would recommend to the Hon'ble the Resident the payment of a full grant for the extension and reserved the necessary funds in the current year's budget. The Correspondent then put up a scheme for the construction of the upper storey, but the Executive Engineer condemned it as he believed that the foundation of the building was not strong enough to bear the additional weight. A revised plan and

estimate were then prepared to construct a room close to the school and have received the approval of the Executive Engineer.

3. In the circumstances mentioned above, I strongly recommend that a full grant of Rs.3283/- be sanctioned for the construction of the room under rule 45 of the grant-in-aid Code for Indian schools. The Correspondent assures me that he will have the work done and claim the grant before the 31st instant. I request the favour of very early orders, so that the work might be begun soon.

4. The expenditure will be debited to "Account II-Education D.Primary-Grants-in-aid to Primary schools-building and furniture grants" in the current year's budget under which funds have been reserved.

I have the honour to be,

Sir,

Your most obedient servant,

Inspector of Schools,

Coorg and Bangalore.

of Civil and Military Station, Bangalore.

Number and date of the Proceedings or memorandum recognizing school under the
Madras Educational Rules,

R. C. No. 172 of 1923 dated 13-6-23

B.G.

Brief history of the institution from the date of its establishment to the date of
application tracing its growth and development and furnishing among other things an
accurate account of its financial condition.

History of the Institution--cont.

The Institution is the oldest one of its kind in the Station founded about the year 1853. For the first 20 years it was a free School run solely by public subscription. It was doing really useful work in the locality and grew more and more popular, and in the year 1874 received the official recognition of the Mysore Government which was pleased to make a teaching grant of Rs.50/- per month as from that year. To add to the efficiency of the Institution additional finance was needed and consequently, in 1874, a nominal fee of one anna and two annas was levied. With this financial position, the School was run on till 1886, in which year the Imperial Government took over charge of controlling the Educational Institutions in Bangalore and was pleased to continue the same teaching grant of Rs.50/- per month till 1909.

During this period of nearly a quarter of a Century, viz., 1886-1909 the School steadily and gradually developed itself into one of the most efficient and popular institutions for Girls in the Station. And increased efficiency led to additional expenditure on Establishment and other charges, and consequently necessitated the levy of increased rate of fees within the prescribed limits. It was also possible for the management to secure not easily some endowment which in 1909-1910 was found to be Rs.1250/-. This amount, by gradual additions in the latter years, has risen to what it now amounts to viz Rs.6200/-. But public subscriptions which for several years at the beginning were forthcoming, gradually dwindled to nothing.

Since the year 1909-1910, the teaching grant from the Imperial Government which in that year was Rs.600/- has gradually enhanced in proportion to the increased efficiency so that the grant for the year 1928-1929 is Rs.2100/-. ~~the average~~ The average

History of the Institution—cont.

fee income which in 1874 was Rs 6/- per month, has now increased to Rs 100/- per month. The annual income from Endowment amounts to Rs 300/-. All these three items of income are just enough to meet the recurring annual expenditure of the school which on an average comes to Rs 3,600/-.

Owing to the gradual and steady increase in numbers, lack of accommodation began to be very keenly felt, and for a long time engaged the serious attention of the Management. Extension of buildings so as to provide suitable accommodation was urgently needed in 1910-1911 and was, as described elsewhere attended to in the year 1913-14, and the added rooms relieved the congestion considerably, ^{though} ~~as~~ not fully.

The Inspecting Officers of the Department have frequently expressed the opinion that the institution which is "the biggest Girls' School", has been doing "good and efficient work" and is "immensely popular in the locality".

Thus it will be seen that the history of the institution which has been in existence for over 75 years, is one of uniform and steady progress, always maintaining a high standard of efficiency and ever increasing popularity a position not lightly gained and kept up.

Character of and necessity for the proposed work in details.

Necessity for the proposed work.

As already explained elsewhere under "The History of the Institution" There was in 1910-1912, urgent need of the extension of buildings. In the year 1911-1912, the Hon. Mr. Sharp, Educational Secretary to the Government of India, in company with Dr. Bourne, Director of Public Instruction, Madras, visited the School, while on Educational tour in Bangalore. They both were fully convinced of the need above referred to and promised that they would give all possible help to this growing Institution in getting a free grant for the purpose. The Hon.ble the British Resident in Mysore, on the representation of the management of the School and on the recommendation of the Educational Officers was pleased to make a free grant of Rs. 6000/- for the purpose. Please see Pro. of the Hon.ble The British Resident No. 6139-4 dated 6-10-1913 and S. I. S. R. C. No. 7 of 1913 dated 25-10-1913. 1429 (1)
142104

The School house that now stands as No. 104 on the Dharmaraja Street is the one built solely with the aid of the free grant of Rs. 6000/- The additional rooms thus provided served as a great boon to the Children and yet could not give them full relief. The work then proposed was a two storeyed building that could provide sufficient accommodation. The sum of Rs. 6000/- was just enough to raise a building with only one storey and owing to lack of funds the construction of the second story could not be undertaken. Neither has it been possible all these 15 years for the management to find funds for that purpose. The accommodation still continues to be insufficient. The remarks of the Sub Assistant Inspector of Schools may well be quoted for ready reference. 15-7-1925. "The accommodation is quite insufficient. There is no room for the Music Class. The verandah has to be utilised and it proves to be a very inconvenient class room. There is no space for drilling. The small compound enclosed on one side is quite insufficient for this big school."

12-7-1928. 3-B.M. B-21 "The accommodation provided by the two buildings is hardly sufficient to accommodate all the classes. There is no room which can be used as the Music Class room and there is no hall to do drill and to play at KUMMI and KOLATTAM."

(i) Is a sketch plan of the proposed site and building attached? **Yes**

(ii) Does it show—

(a) The relation of the proposed building or extension to the existing buildings? **Yes**

(b) Any alteration in existing buildings necessitated by it? **Yes**

(c) The purpose to which the existing buildings are now put? **School purpose**

(d) The purpose to which they will be put when the new building or extension is complete? **School purpose**

NOTE.—Any notes that cannot be conveniently inserted in the plan may be given under each of the above headings.

5 contd.

10-7-1929. " The accommodation is insufficient. The lower floor ~~is~~ of the Southern block not well lighted and well ventilated. There is no suitable hall to be used for drill and there is no separate room for the Music class. The lowest standard viz S.I, has to be held in the verandah for want of suitable accommodation in any of the rooms. I would, therefore, suggest that the management may make up their mind to put up an upstairs hall and two upstairs rooms in the northern block of the buildings.

Under the above circumstances, the proposed extension of buildings is found to ~~be~~ ^{be} indispensable and the management earnestly request that, in consideration of the efficiency and stability of the School and in view of the lack of funds necessary for the proposed extension, the Government be pleased to make a free grant of Rs.3283/- as per estimate enclosed so that an extension building may be added on to the present building the construction of which is, as already explained, due exclusively to the liberal financial support of the Government.

(a) Probable cost of the proposed work.

Rs. 3,283-0-0

(b) Whether the management has the necessary funds to complete the work in the event of the application being favourably considered. **The Management is not able to find funds. Please remarks on page 5.**

(c) Whether the managing body has been registered under the Indian Companies Act of 1913 or any other Act and, if so, whether attested copies of the Memorandum of Association and the Articles of Association are submitted. **No**

(d) If the aid sought for is towards the cost of site, declaration that it is the cheapest suitable site. **The Aid sought for is only for extension of buildings.**

(e) Declaration that the management is prepared to execute the prescribed deed. **The Management is prepared to comply with the terms.**

If the property is not owned by the correspondent, declaration that the owner or his or her legal representative will execute the deed or will be made a party to the deed. **The correspondent will abide by the terms.**

(g) In the case of mission institutions the name and address in full of the person who holds a power-of-attorney on behalf of the mission to execute the prescribed deed.

(h) Name, designation and qualification of the person by whom detailed plans and estimates and specifications will be prepared.

(i) Whether the title to the property is clear and in order and by whom the title deeds were examined. **yes. - by the Registration department and the Committee of management.**

(j) The latest date on which the management wishes to (i) begin the work and (ii) complete the work. **Immediately after the application for grant is sanctioned**

(k) Is the declaration with regard to encumbrance, alienation and the conditions of recognition and aid attached? **No encumbrance.**

- (2) Amount of building grants drawn by the institution in previous years with the number and date of the sanction and the purposes for which given. (Particulars should be given from the date of establishment of the institution.)

Rs. 6000/- vide Proceedings of the Hon. the British Resident in Mysore, No. 6139 dated 6-10-1913

- (m) If the aid sought is towards the construction of a hostel, declaration that the hostel will be managed according to rules approved by the Director of Public Instruction.

Nil

- (n) The treasury at which the grant if sanctioned is to be payable. The Hon. the British Resident's Treasury C & M Station, Bangalore.

Particulars for five years to be furnished.

Inspecting officer's remarks about accommodation from his inspection reports for the two previous years.

12-7-1928 " The accommodation provided by the two buildings is hardly sufficient to accommodate all the classes. There is no room which can be used as the Music class room and there is no hall to do drill and to play KUMMI and KOLATTAM."

10-7-1929 " The accommodation is insufficient. The lower floor of the Southern block is not well lighted and well ventilated. There is no suitable hall to be used for drill and there is no separate room for the music class. The lowest standard viz. 10 has to be held in the verandah for want of suitable accommodation in any of the rooms. I would, therefore, suggest that the management may make up their mind to put up an upstairs hall and two upstairs rooms in the northern block of the buildings."

Director's review of such remarks.

DECLARATION with regard to encumbrance, alienation and the conditions of recognition and aid—"On behalf of the management of the school, I hereby declare that the property is unencumbered and that it will not be alienated or encumbered without the consent of Government and that the conditions of recognition and aid laid down in the Madras Educational Rules and in the Grant-in-Aid Code are being, and will continue to be, fully observed, excepting those rules from which the institution has been specially exempted by the Director's Proceedings No. _____ dated _____

, and that I am prepared to subject the institution together with its current, endowment and trust accounts, its establishment, time-table and registers to inspection and to furnish such returns as may be required by the department; and that I shall abide by the provisions of rule 56 of the Grant-in-Aid Code in the event of the building being diverted, at any time, to other than educational purposes approved by Government."
